

Notice Board

- Hats, scarves and gloves are welcome in the colder months. PLEASE name all items; it's impressive how quickly things go missing.
- Please see the email sent out earlier this week about costumes for the Nativity. These should be sent in ASAP!
- The children continue to practise their song for the Early Years Christmas production, make sure you have a ticket to come and see us on stage!

Physical Development

This week (weather dependent), we will be taking a trip to the adventure playground and daily mile. These are great ways to support our body health, as well as our mental health.

Expressive Arts and Design

This week we will continue to learn the Nativity songs, and be in the rehearsals with Reception in the hall. This is to prepare for when we perform it to our adults!

Expressive Arts and Design

The children will have the opportunity to access topic related activities on the craft shelf.

Maths

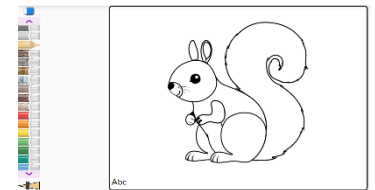

This week our Maths inputs will focus on shape! We will learn the names of the more common 2D shapes and will start to talk about their properties. We will also order numbers 0-5 from smallest to largest and will challenge the children to match each number (0-5) with the same amount of fingers.

Why do leaves turn crispy?

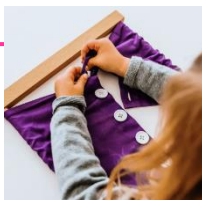

Computing

We will be continuing to learn how to colour in on the computers! We will be making our own squirrel pictures on the computer.

Montessori

This week's skill is from Practical life. The Dressing Frames primary purpose is to teach children how to dress themselves through mastering different clothing fasteners. This process also tests a child's hand eye coordination and fine motor skills, as they work with each material.

Personal, Social and Emotional Development

This week we will be talking about feelings. Things that make us happy, sad and angry. We will be looking at pictures of others and deciding how they are feeling using their face to help us.

Understand the World

We will be discussing animals that are nocturnal. We will talk about what 'nocturnal' means and learning about which animals are nocturnal.
