RWI

We will be continuing to look at the RWI picture cards. Next week we will be learning w- worm, z-zip and x-exercise.

PSED

In our SCARF lesson this week we will be talking about what is safe to put in our bodies, and what is not safe to put in our bodies.

Expressive Arts and Design

The children will have the opportunity to access topic related activities on the craft shelves.

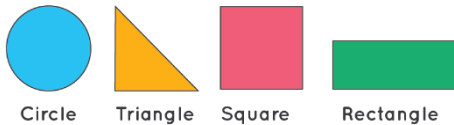

We will be making a special Valentine's craft for our loved ones.

Maths

This week the children will be recapping 2D shapes.

On Friday we will be having a special Pancake Day breakfast. We will be using 2D shape cutters to link it back to our Maths learning this week.

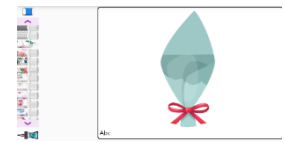

Where does Snow go?

Computing

The children will have access to purple mash on the computers next week. We will set up a Valentine's Day bouquet for them to colour.

Montessori

This week's skill is from Practical life. The Dressing Frames primary purpose is to teach children how to dress themselves through mastering different clothing fasteners. This process also tests a child's hand eye coordination and fine motor skills, as they work with each material. The children have been doing some dressing frames with Mrs Burton and Mrs Rider this week, to support them with their independent dressing for P.E. It would be great for the children to continue working on this skill at home.

Literacy

Once again we will be practising our name writing. The children will have access to Valentine's Day card making where they will practice signing the card with their name.

Understanding the world

The children will be celebrating Pancake Day and Valentine's Day next week through special provision set up in the classroom.
