

Notice Board

- We wish you all a very happy Easter holidays. We return to School on Monday 13th April.
- Our new topic after the Easter Holidays is called 'How many colours in a rainbow?'
- The eggs will be delivered on Tuesday 21st April. YAY ☺
- Dress Down Day will be on Friday 24th April. Students can wear their own clothes in exchange for a coloured raffle prize. Nursery's colour is **Red**.

hhomer@fandb.herts.sch.uk

RWI

We will continue learning Set 1 individual sounds. We will be learning v, y, w & z.

We will continue practicing how to orally blend sounds into words, known as 'Fred Talk'. For example- c-a-t = cat.

Understanding the world

This week we will be starting to learn about our new topic of rainbows! We will be discussing what a rainbow is, what colours are in it and how rainbows are made!

Expressive Arts and Design

The children will have the opportunity to access topic related activities in the craft trays this week.

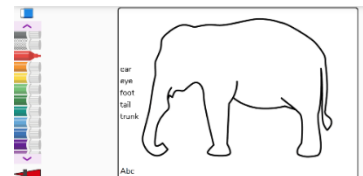

How many colours in a rainbow?

Computing

The children will have access to the PurpleMash elephant drawing application on the computers this week. They can design their own colourful Elmer and have one printed out!

Maths

In Maths, we are moving on from numbers 1 to 5, and beginning to learn about 6. We will watch the number blocks episode 'six', and compare it to patterns on dice faces. This will also help with children's ability to subitise.

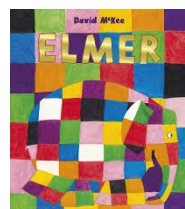

Physical

We will have new PE units after the Easter Holidays. Mrs Homer will be teaching us Fundamentals and Mr Cooper will be teaching ball skills.

Montessori

This week's skill is from Literacy. The direct purpose of the sandpaper letters is to teach the child the sounds of the alphabet by means of muscular and visual memory. The child is encouraged to trace the symbol over and over again until the shape of the letter becomes a part of the child's muscle memory.

Literacy

To fit in with our rainbow topic, we will be reading Elmer by David McKee. We will be talking about the different colours of Elmer, and playing an environment game using the colours.
