

Year 2 News Friday 15th May 2026

Notice board

Reminders

After half term, we have some exciting trips and school events.

- Our Pirate Day and workshop is on Monday the 8th June where children are invited to come into school dressed as pirates – please make your payment contribution on Arbor (trips tab).
- Sports Day is on Thursday 18th June
- We also have the Music Festival Wednesday 24th June (ticket information coming soon).

Please can you remember to read with you child daily to build fluency, read for when they go to year 3.

The Scented Garden

Thank you to the parents who emailed us photos of planting at home! Please send us photos of your planting and the progress throughout the next few weeks so we can share this as part of 'Show and Tell'. Your child could keep a diary of what happens each week!

English

In English next week, we will move on to looking at instructions. We will be using Purple Mash to create our own garden themed computer games. We will then write instructions to explain how to play our game.

Word of the week: instructions.

Maths

In maths next week, we will be moving on to problem solving with multiplication and division. We will be using our knowledge of arrays to help solve these problems.

Word of the Week: array

Topic

Next week we will continue learning about the habitats of plants. We will compare habitats of plants and explain how different plants have adapted to suit each habitat.

Word of the Week: adapt

Extra things to do at home!

- Remember to keep reading at home: magazines, newspapers, storybooks and information books.
- We encourage the children to continue playing (and learning) with Numbots and TTRockstars, the children's log in details are inside the front cover of their reading records.
- To prepare for English for next week, you could have some fun playing some games. Play a board game and read the instructions. Look at the features of the instructions, how do they help to play the game successfully?
- In Maths, we have practised telling the time. Follow the link below as an interactive tool to use for learning the time with your children.
