Understanding of the World

We will be learning about rock pool habitats next week. We will look at starfish and crabs. We will also learn how hermit crabs share shells.

We will be making 'fajita crabs' as part of a D&T project. We will think about the different parts of a crab's body.

Expressive Arts & Design

The children will have the opportunity to access topic related activities on the craft shelf.

Maths

This week's focus is on assessing and deepening the children's understanding of how to compare quantities. The activities included will check their comprehension and will provide opportunities for further comparison experiences.

In addition, the children will be naming and sorting 3D shapes.

Who lives in a rock pool?

ICT

https://www.purplemash.com/#app/pap/seaside/rock_pool

Montessori

This week's skill is from Practical life. Sweeping helps develop a sense of order and coordination. It strengthens the finger muscles and increases concentration. It encourages independence and teaches self-care.

Literacy

We will be reading the story 'Sharing a shell'.
