

Notice Board

Next week F&B will be taking part in the Sawbo Travel challenge. Another initiative to promote sustainable and active travel. It will run from Monday 28th to Friday 2nd October ending with a Town Walk on Saturday 3rd October from 11am to 2pm at Bell Street Car Park (organised by Sawbridgeworth Town Council).

Pupils will receive a passport where the teacher can stamp it as the week progresses. Pupils should take their passports home on Friday, so they can collect their final stamp on Saturday, if they choose to take part in the town walk.

Read, Write, Inc

Next week we will continue our RWI phonics. This week we have learnt the sounds i, n, p, g, and o.

Understanding of the World

Next week, the children will be focussing on 'families'. They will think about who they live with at home, and make comparisons to other families. We will continue to think about how families are all special and unique, just like us as individuals!

Expressive Arts and Design

The children will have the opportunity to access topic related activities on the craft shelf.

We will also be drawing our families.

Montessori

This week's skill is from Practical life. Sweeping helps develop a sense of order and coordination. It strengthens the finger muscles and increases concentration. It encourages independence and teaches self-care.

Maths

Next week, the children will explore how numbers can be composed of 1s and, from this, begin to investigate the composition of 3 and 4. Composing and de-composing numbers involves children investigating part-whole relations, e.g. seeing that 3 can be composed of 1 and 2. The children will learn from practical experience that a 'whole' is made up of smaller parts and is, therefore, bigger than its parts.

Do you want to be friends?

Literacy

We will continue to use the magnetic boards to build and read CVC words. We use the strategy 'Fred Talk, Read the word' to help us read. You say the sounds and then say the whole word.

Personal, Social and Emotional Development

We will be thinking about how we feel at different points of the day and how our emotions change. We will use the book 'The Colour Monster' to help us understand our feelings more.

Communication and Language

The children will continue building relationships by talking to their peers. We use 'Turn to your partner' a lot to encourage the children to talk. This week they will be talking about their home life and family members.
