Maths

In Maths next week, the children will explore the part-whole relationship and use this understanding to solve problems where information is missing. They will identify whether they need to add or subtract to find the missing information and will represent their thinking in a variety of ways.

English/Topic

The children will continue with their RWI sessions. In topic the children will be learning to access their "2Dos" on purple mash, create a picture and save their work. They will also have the opportunity to investigate why leaves change colour and what happens to them over time.

Home Learning

Talk Task: Please can you talk to your child the different woodland animals and the habitats they might live in. They could also think about the difference between a domestic animal's habitat and that of a woodland animal.

Maths Task: How many ways can you make 8?

Reading Task: Please ensure you read with your child every night and record this in their reading record.

RWI: Here are the links for 'Special Friends' 'ck' and "oo (zoo)".
