

Geography\_Word

Picture

Definition

**map**

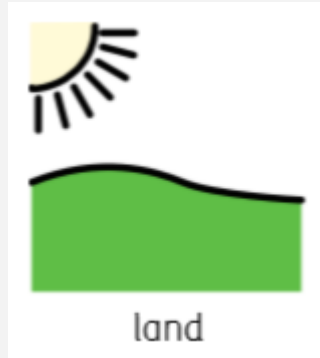

**a drawing of all or part of Earth's surface**

Geography\_Word

Picture

Definition

**land**

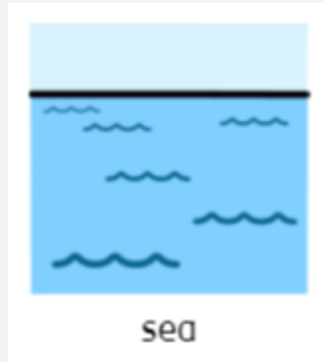

**The surface of Earth—  
apart from oceans, seas,  
lakes, and rivers**

Geography\_Word

Picture

Definition

**Sea / ocean**

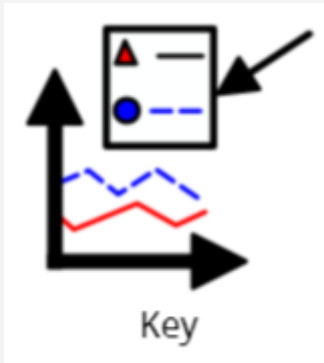

**a name for the body of salt water that covers the greater part of the surface of the Earth**

Geography\_Word

Picture

Definition

**key**

**something that leads to or helps someone get something**

Geography\_Word

Picture

Definition

**data**

**the word used to  
describe information**

Geography\_Word

Picture

Definition

**information**

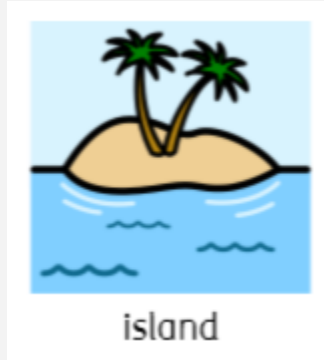

**the giving or receiving  
of knowledge**

Geography\_Word

Picture

Definition

**Island**

**Any land area  
surrounded entirely by  
water**

Geography\_Word

Picture

Definition

**forest**

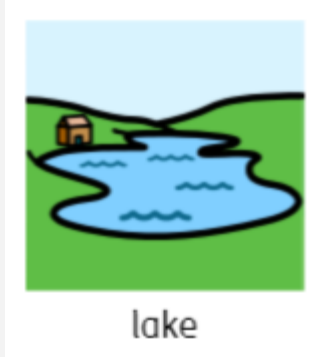

**a piece of land with  
many trees**

Geography\_Word

Picture

Definition

**Lake**

lake

**a very slow flowing  
body of open water**

Geography\_Word

Picture

Definition

**river**

river

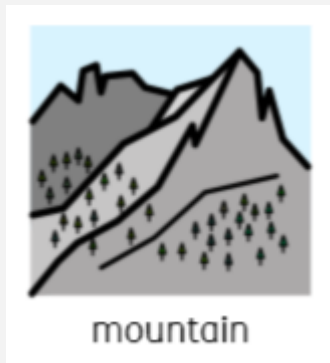

**the path that water  
takes as it flows  
downhill towards the  
ocean**

Geography\_Word

Picture

Definition

**Mountain**

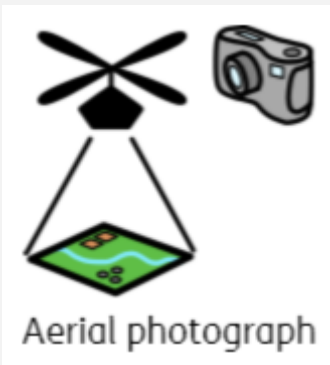

**a landform that rises high above its surroundings**

Geography\_Word

Picture

Definition

**Aerial  
Photograph**

**A photo of the ground taken from the air**

Geography\_Word

Picture

Definition

**Earth**

Earth

**The planet we live on. A small rocky planet with water and has life**

Geography\_Word

Picture

Definition

**space**

Space

**A very large open space**

Geography\_Word

Picture

Definition

**planet**

**orbits a star, it must be big enough to have enough gravity to force a spherical shape**

Geography\_Word

Picture

Definition

**Mercury**

**One of the rocky planets. It has a solid surface that is covered with craters. It has no atmosphere, and it doesn't have any moons**

Geography\_Word

Picture

Definition

**Venus**

The hottest planet in our solar system. Venus is a terrestrial planet. It is small and rocky. Venus has a thick atmosphere. It traps heat and makes Venus very hot

Geography\_Word

Picture

Definition

**Mars**

A dusty, cold, desert world with a very thin atmosphere. Mars has seasons, polar ice caps, canyons and extinct volcanoes

Geography\_Word

Picture

Definition

**Jupiter**

The biggest planet in our solar system. A gas giant. It is made mostly of hydrogen and helium. It has a very thick atmosphere. It has rings, but they're very hard to see

Geography\_Word

Picture

Definition

**Saturn**

One of the biggest planets in our solar system. A gas giant. It is made mostly of hydrogen and helium. It has a thick atmosphere. It has rings going around itself

Geography\_Word

Picture

Definition

**Uranus**

**An ice giant (instead of a gas giant). It is mostly made of flowing icy materials above a solid core**

Geography\_Word

Picture

Definition

**Neptune**

**Neptune is encircled by six rings. Neptune, like Uranus, it is an ice giant**

Geography\_Word

Picture

Definition

**United  
Kingdom**

**The United Kingdom,  
made up of England,  
Scotland, Wales and  
Northern Ireland**

Geography\_Word

Picture

Definition

**England**

**England is a country  
that is part of the  
United Kingdom**

Geography\_Word

Picture

Definition

**Northern  
Ireland**

**A part of the United Kingdom, situated in the north-east of the island of Ireland**

Geography\_Word

Picture

Definition

**Scotland**

**Scotland is a country that is part of the United Kingdom**

Geography\_Word

Picture

Definition

**Wales**

**Wales is a country that is part of the United Kingdom**

Geography\_Word

Picture

Definition

**Union Jack**

**The flag that represents the countries in the United Kingdom**

Geography\_Word

Picture

Definition

**Human  
features**

Geography\_Word

Picture

Definition

**Landmark**

**Features or structures  
around the world that  
are easily recognised or  
unique**

Geography\_Word

Picture

Definition

**Tower  
Bridge**

Tower Bridge

**A landmark in London**

Geography\_Word

Picture

Definition

**Big Ben (Queen  
Elizabeth's Tower)**

Big Ben

**A landmark in London**

Geography\_Word

Picture

Definition

**Buckingham Palace**

Buckingham palace

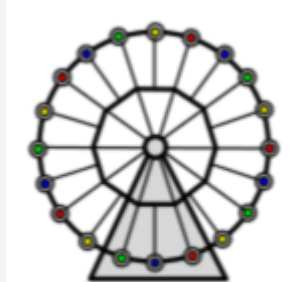

**A landmark in London**

Geography\_Word

Picture

Definition

**London Eye**

London Eye

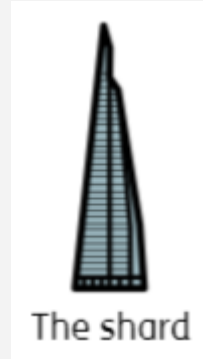

**A landmark in London**

Geography\_Word

Picture

Definition

**The Shard**

**A landmark in London**

Geography\_Word

Picture

Definition

**Westminster  
Abbey**

**A landmark in London**

Geography\_Word

Picture

Definition

**City**

**A place where many people live closely together**

Geography\_Word

Picture

Definition

**London**

**The capital city of England**

Geography\_Word

Picture

Definition

**Station**

station

**A place where buses, trains, etc., regularly stop so that passengers can get on and off**

Geography\_Word

Picture

Definition

**Park**

park

**An open place in a city or town for nature**

Geography\_Word

Picture

Definition

**School**

**A place where children go to learn**

Geography\_Word

Picture

Definition

**Church**

**A place of worship**

Geography\_Word

Picture

Definition

**Road**

road

**A piece of land which connects two or more places**

Geography\_Word

Picture

Definition

**River Thames**

River Thames

**A landmark in London**

Geography\_Word

Picture

Definition

**South Africa**

South Africa

**A nation at the southern tip of Africa**

Geography\_Word

Picture

Definition

**Continent**

Continent

**A large solid area of land**

Geography\_Word

Picture

Definition

**Africa**

Africa

**The world's second largest continent**

Geography\_Word

Picture

Definition

**Antarctica**

Antarctica

**The earth's southernmost continent**

Geography\_Word

Picture

Definition

**Asia**

**The largest continent of our planet, both in size and also when we consider the population**

Geography\_Word

Picture

Definition

**Australia**

**One of the largest countries in the world, but it is also the smallest continent**

Geography\_Word

Picture

Definition

**Europe**

**Earth's second smallest continent after Australia but it has one quarter of the world's population**

Geography\_Word

Picture

Definition

**South America**

**Earth's fourth largest continent. It stretches from just above the middle of the planet down to the Antarctic**

Geography\_Word

Picture

Definition

**Zoo**

Zoo

**A place where many different species types of animals are kept so people can see and watch them**

Geography\_Word

Picture

Definition

**enclosures**

enclosures

**An area of land that is surrounded by a wall or fence and that is used for a particular purpose**

Geography\_Word

Picture

Definition

**Toilet**

**A place where humans get rid of waste that comes from their bodies**

Geography\_Word

Picture

Definition

**park**

**An open area, often found with trees, benches, statues, etc.**

Geography\_Word

Picture

Definition

**Sun**

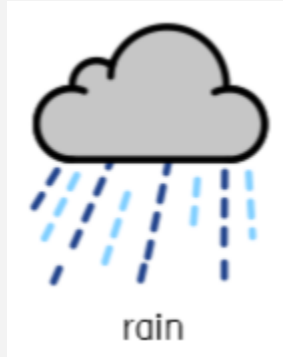

**The star at the centre  
of our solar system**

Geography\_Word

Picture

Definition

**rain**

**The liquid form of  
water that falls from  
the sky in drops**

Geography\_Word

Picture

Definition

**wind**

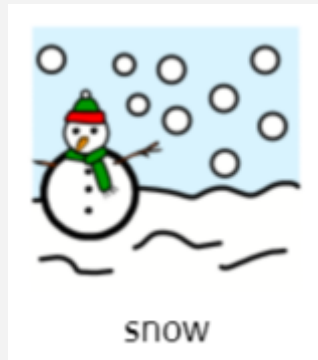

**The movement of air near Earth's surface**

Geography\_Word

Picture

Definition

**SNOW**

**A form of ice**

Geography\_Word

Picture

Definition

**Fog**

**Forms from water vapor, which is water in the form of a gas**

Geography\_Word

Picture

Definition

**hail**

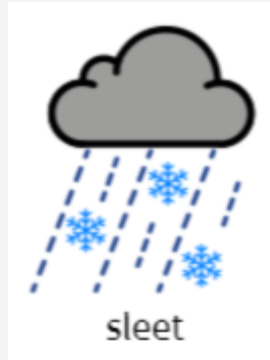

**Water that gets caught in strong upward moving winds.**

Geography\_Word

Picture

Definition

**sleet**

**Liquid water that  
freezes before it hits  
the ground**

Geography\_Word

Picture

Definition

**spring**

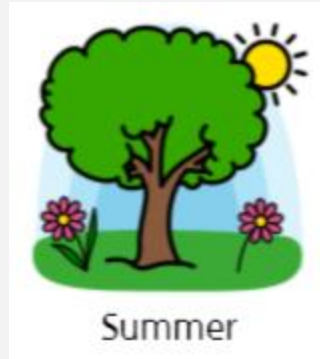

**It starts to get  
warmer, plants start to  
bloom and baby animals  
are born**

Geography\_Word

Picture

Definition

**summer**

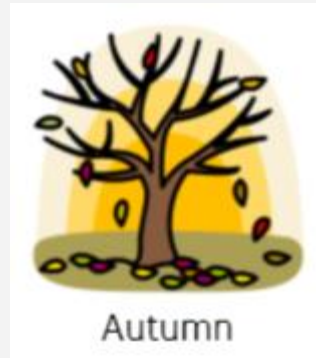

**The hottest of the four temperate seasons, occurring after spring and before autumn**

Geography\_Word

Picture

Definition

**Autumn**

**Starts to get colder and leaves start to fall, many animals and plants prepare for winter**

Geography\_Word

Picture

Definition

**Winter**

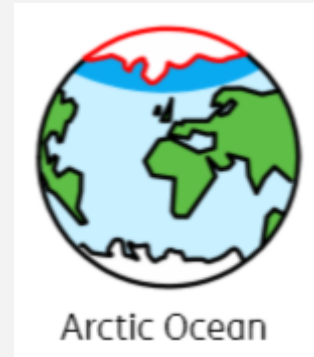

**It is the coldest season,  
often there is snow at  
this time of year**

Geography\_Word

Picture

Definition

**Arctic Ocean**

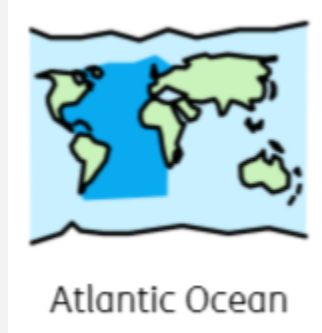

**The smallest and  
shallowest of the  
world's oceans**

Geography\_Word

Picture

Definition

**Atlantic  
Ocean**

**Second largest and lies between North and South America on the west and Europe and Africa on the east**

Geography\_Word

Picture

Definition

**Indian  
Ocean**

**The Indian Ocean is the world's third largest ocean and covers 20% of the Earth's surface**

Geography\_Word

Picture

Definition

**Pacific  
Ocean**

**The largest of Earth's  
oceans**

Geography\_Word

Picture

Definition

**Southern  
Ocean**

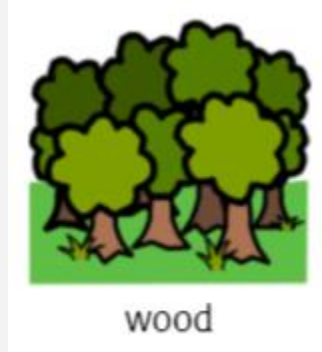

**Is the only ocean that  
encircles a continent**

Geography\_Word

Picture

Definition

**Wood**

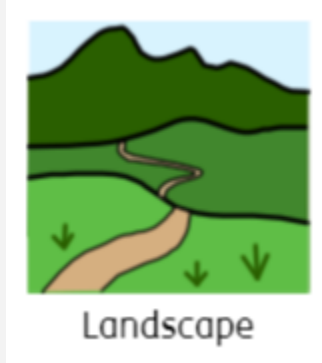

**The material made from trees**

Geography\_Word

Picture

Definition

**landscape**

**An area of land as one can see it**
