Notice board:

Show and Tell change:

Show and tell should be something related to our 'Moon Zoom' topic. This may also be an achievement such as rainbow badge or swimming certificate etc. Please note that show and tell is optional. As we would like to provide more of an opportunity for question and answers, we will be limiting each week to one group of children. Next week the group will be the Stickman.

Welly Boots

Please can you send your child in with a pair of welly boots, as we will be visiting the conservation area on a weekly basis. Please ensure they are in a named bag.

PE Kits

Please ensure your child returns their PE kit if they have been to a sports club. Year 1 have PE on a Wednesday and a Friday.

Lanterns

The children will be making Christmas lanterns, which will be displayed in Great St Mary's. To support this, please can you send your child in with a carton? We also kindly ask if you could cut a window out of the front, which is where we will put the children's Christmas window design. If you have more than one please send in as well for others who may not ☺

Useful Websites:

www.purplemash.com (Login details are in the back of reading diaries)

<https://numbots.com> (Login details are in the back of reading diaries)

Maths

In Maths the children will be continuing to find the difference between two numbers. They will then begin to look at what 'equivalent' means. They will be using balance scales to make the same totals on both sides. They will then write down the equivalent amount in number sentences.

English/Topic

The children will continue with their RWI sessions.

During topic we will begin designing our own Moon Buggies. The children will have to think about what materials they will need to create their buggies and label their designs.

Home Learning

Talk Task: Please help your child to come up with 3 different things that they would take to space and why? Encourage them to think about the different materials their chosen items are made from and if they would be a good choice.

English Word: Explore

Topic Word: Gravity

Maths Task:

<https://www.topmarks.co.uk/maths-games/robot-more-or-less> Your child can play this game to practise their number knowledge of one more or one less. e.g. $4+1 = 5$

Can they find the correct robot to match the answer of the number sentence? They might like to challenge themselves and see if they can find 2 more or less.

Reading Task: Please ensure you read with your child every night and record this in their reading record. Here are the links for special friends 'ir' and 'ar'
