### Understanding of the World

In the first week back we will begin our new topic, focussing around transport and vehicles. We will have our memorable experience, where we'll go on a traffic spot, to see what modes of transport we can see/hear. We will begin to name different modes of transport and compare them.

### Expressive Arts and Design

The children will have the opportunity to access topic related activities on the craft shelf.

### Maths

The children will be developing their subitising skills. A key focus will be on developing skills of visualising; the children will be encouraged to look carefully at arrangements of dots and then to close their eyes and explain what they saw. Using spatial language to describe sub-groups within these arrangements will allow them to further consider composition (the numbers within numbers eg two on the top two on the bottom).

### **Are we there yet?**

### ICT

Each child has been given their personal login for Purple Mash. These can be found on the inside cover of their reading record.

### Literacy

We will be focussing on Montessori Literacy when we return. The children will begin building CVC words using the large moveable alphabet (LMA).

### Personal, Social and Emotional Development

In SCARF, we will begin to name things that keep our bodies safe. We will also name things that keep our bodies clean and protected.

### Physical Development

Our next unit of PE will be dance (continued) and gymnastics.

### Communication and Language

We will be discussing road safety, including traffic light colours, crossing roads and wearing a seatbelt.
