Notice Board

Welcome back & Happy New Year!

We kindly ask for donations of spare uniform if you have any at home. We are running low on spare clothes for the children to change into. Thank you.

Understanding of the World

This week we will be focussing on modes of transport found in the air. Transport including planes, helicopters, space shuttles and hot air balloons. We will name parts of a plane including flight deck, wing, nose and tail. We will begin naming the 7 continents.

Expressive Arts and Design

The children will have the opportunity to access topic related activities on the craft shelf.

Maths

The children will focus this week on the stable order principle - rehearsing the order of the first 5 numbers and understanding that the position each number holds in our number sequence does not change.

They will continue to work with numbers to 5, the children will develop their understanding of the ordinal aspect by investigating the difference in value of consecutive whole numbers. They will spend time discovering that each number has a value of 1 more than the previous number.

Are we there yet?

Literacy

Next week we will be reading the story 'I wish I were a pilot.'

Personal, Social and Emotional Development

In SCARF, we will begin to name things that keep our bodies safe. We will also name things that keep our bodies clean and protected.

Communication and Language

We have a pilot visiting us soon. He will be talking to us about his job role.
