

Year 2 News Friday 22nd March 2024

Notice board

Reminders

Please make sure your child brings in water to school, not squash or flavoured water. This is an important part of being a healthy school and it's much better for our children's bodies and teeth!

We will send PE bags home to be washed during the Easter break; please can they be brought back in on **Monday 15th April 2024**.

We hope you all have a lovely Easter break!

*End of Topic Celebration is on **Wednesday 27th March**. We welcome parents to visit us at **14:30 to 15:00** so the children can share all the wonderful things they have been learning during our **Muck, Mess and Mixtures** topic.*

English

In English we are continuing with creative writing. We will become authors, writing our own stories focusing on the story structure (beginning, middle, end), using interesting vocabulary and correct punctuation.

Word of the week: **magical**

Maths

In Maths we will continue with division. We will be learning about linking division and multiplication and will also try our best to solve problems that involve multiplication and division.

Topic

In RE will be learning about the Easter Story and creating our own crafts and Easter card.

Word of the week: **tradition**

Extra things to do at home!

- Remember to keep reading at home: magazines, newspapers, storybooks, information books and other story books your child has at home and wants to read! Some words might be tricky but if you can share a story you can help where needed.
- We encourage the children to continue playing (and learning) with Numbots and TTRockstars, the children's log in details are inside the front cover of their reading records.
- Talk for writing: with the books you read at home, notice how the story begins and ends. What do you notice? What kind of sentence starters have the authors used? What makes you want to read more?
 - If the weather gets a little bit better during the Easter break, maybe you can all get outside for some Easter fun? Some nice ideas can be found here:
