### Read, Write, Inc

We will be learning the sounds:  
h, r, j, v, y

At home you might want to practice some of the sounds we have already learnt. You can also practice oral blending with Fred!

Fred games-

### Understanding of the World

Next week we will be taking part in a science experiment to explore colour. The children will be encouraged to make a simple prediction and then make an observation of what happens to the colours when warm water is poured over them.

### Expressive Arts and Design

The children will have the opportunity to access topic related activities on the craft shelf.

### Maths

We will be recapping simple 2D shapes and their properties. Here are some great songs you might want to listen to at home!

## How many colours in a rainbow?

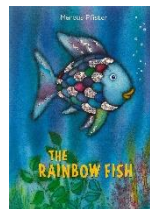

### Computing

We will be painting our own colourful Rainbow Fish on Purple Mash.

### Literacy

We will be reading the story of 'Rainbow Fish' next week. We will reinforce the concept of 'sharing'.

### Montessori

This week's skill is from Literacy. The direct purpose of the sandpaper letters is to teach the child the sounds of the alphabet by means of muscular and visual memory. The child is encouraged to trace the symbol over and over again until the shape of the letter becomes a part of the child's muscle memory.

### Physical Development

Next week we will begin practising for Sports day.
